2018-2019 School Accountability Report Card

Published in the 2019-2020 School Year

SARC Information

Every school in California is required by state law to publish a School Accountability Report Card (SARC) by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at *http://www.cde.ca.gov/ta/ac/sa/*.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at *http://www.cde.ca.gov/fg/aa/lc/*.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at *http://dq.cde.ca.gov/dataquest/* that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

School Mission Statement

The school's mission is to provide students seeking an alternative school setting with a personalized approach to learning that empowers them to take responsibility for their education and to graduate with the skills they need to become responsible citizens and lifelong learners.

In order to carry out this mission, the school strives to equip the surrounding area students with the educational skills necessary in the 21st century – the ability to read, write, speak, and calculate with clarity and precision and the ability to participate intelligently and responsibly in a global society. The school offers alternative choices through site-based learning, independent study, and distance learning to enable students to acquire the knowledge necessary to make a difference in their lives.

The school provides a diverse, student-centered environment in which all students are held to high academic and behavioral standards. Students work in collaborative relationships, both within and outside the school, and perform service to the community. Through a personalized learning approach to education, the school strives to develop students who are competent, self-motivated, life-long learners. In order to accomplish this, the school emphasizes increased parental involvement, more one-on-one teacher and student interaction, attention to differences in learning styles, student-driven participation in developing the learning process, technology access, varied learning environments, teacher and parent development programs, and choices in curriculum programs.

The school places a strong emphasis on parental involvement within the learning process. Parents are viewed as an essential link in improving education; therefore, parents are encouraged to take part in their children's education through frequent communication with the teachers, participation in school related functions, and attendance in school sponsored parent development workshops. By providing a vehicle for meaningful parental involvement, the school strives to bridge the gap between school and home. It is the hope of the school that students will observe first-hand their parents and teachers working together to make a difference in their education and future.

School Profile (School Year 2019-20)

Vista Real is a public charter school that offers a personalized educational program for high school students and families who prefer using an Independent Study model to meet academic needs. Typical students are those who have become dissatisfied with the quality of education they are receiving in the local public school systems. Students come to the school because they were unsuccessful in the traditional high school setting or they needed a more personalized approach to education. Other students need the flexibility of an independent study model to meet family obligations such as work or child care needs. Regardless of the reason, the school offers a uniquely structured academic program, rigorously guided by the California Subject Area Content Standards that provides a challenging, yet highly individualized, education for students.

School Enrollment

Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

• Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching
• Pupils have access to standards-aligned instructional materials
• School facilities are maintained in good repair

Teacher Assignment

The school recruits and employs qualified credentialed teachers who meet all credential requirements in accordance with State of California guidelines. This chart displays information about teacher credentials at the school.

Note: As an independent charter school, the school's program, resources, and administration are run independently from the host district, so there is no district data to report for comparison in this section.

Teacher Credential Status			
	School		
	17-18	18-19	19-20
Fully Credentialed	42	42	67
Without Full Credentials	0	0	1
Teaching Outside Subject Area of Competence (with full credential)	0	0	0

Teacher Misassignments & Vacancies

Misassignments refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire semester or year.

Misassignments/Vacancies			
	17-18	18-19	19-20
Misassignments of Teachers of English Learners	0	0	0

School Facilities (School Year 2019-20)

Vista Real Charter High School currently operates six resource centers in Ventura County, two centers in Oxnard and one each in Camarillo, Santa Paula, Simi Valley, and Ventura.

Our centers are strategically placed within the community to serve the most students who are in need. Our original center in Oxnard is located in downtown in the historic Woolworth Building, adjacent to the transportation center. Our second center in Oxnard borders Port Hueneme and is located within a centrally located shopping center. Our Santa Paula center is conveniently positioned in a historical building on 8th Street, close to Main Street. Our Ventura center is located directly across from Ventura Community College. Our Camarillo center is uniquely located in the Ventura County Community Foundation building and shares a building with leading non-profits in Camarillo, providing plenty of opportunities for students to gain access to valuable resources offered by a wealth of non-profits. Our Simi Valley resource center is centrally located in a popular shopping center.

Each facility has a computer lab, student work area, teacher stations, and restrooms that are maintained on a daily basis. At all campuses, students and parents/guardians are required to review and sign an understanding of the rules, policies and procedures of Vista Real Charter High School. This signed acknowledgement page remains in the student's folder.

The chart displays the results of the most recent facilities inspection at the school. Facilities information was collected in December 2019.

Textbooks & Instructional Materials (School Year 2019-20)

The school determined that each student has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects, health, foreign languages, and visual and performing arts for use in the classroom and to take home.

The table displays information collected in January 2020 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) includes computer-based and paper-pencil assessments. The computer-based assessments are the Smarter Balanced English Language Arts/Literacy (ELA) and Mathematics tests, administered to grades three through eight and eleven. There is also an optional Standards-based Test in Spanish (STS) for Reading/Language Arts (RLA).

A new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS) has been developed. The California Standards Test and California Modified Assessment for Science are no longer administered. The new California Science Test (CAST) was piloted in spring 2017, field tested during the 2017–18 school year, and is now administered operationally. CAST results are not available for the current reporting period.

The Smarter Balanced Assessment System utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Smarter Balanced summative assessment results include student scores, achievement levels, and descriptors that describe performance. These assessment results are only one of several tools used to measure a student's academic performance in ELA/Literacy and mathematics. Smarter Balanced assessment results are most appropriately interpreted alongside other available information about a student's academic achievement, including such measures as District assessments, classroom assignments and grades, classrooms tests, report cards, and teacher feedback.

The first table displays the percent of students who met or exceeded state standards in English Language Arts/Literacy (grades 3-8 and 11) and Math (grades 3-8 and 11).

Homeless	23	19	82.61	17.39	15.79	19	82.61	17.39	5.26

Note: ELA and Mathemarics test results include the Smarter Balanced Summative Assessment and the California Alternate Assessment. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plu*s the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments*.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

UC/CSU Course Completion

Students are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

UC/CSU Course Enrollment	
	Percentage
Students Enrolled in Courses Required for UC/CSU Admission (2018-19)	93.74%
Graduates Who Completed All Courses Required for UC/CSU Admission (2017-18)	1.52%

* Duplicated Count (one student can be enrolled in several courses).

Career Technical Education (CTE) Programs (School Year 2018-19)

The school continues to develop its Career Technical Education (CTE) program. The school recognizes the need to integrate core academic knowledge with technical skills as needed for today's modern workforce, and the school is committed to bringing students greater opportunities in developing these skills through their continued efforts in developing relationships with local businesses and trade schools.

The school offers several professional skills and CTE courses including an Introduction to Computers and Information Technology and also partners with the Ventura County Office of Education to provide its students the opportunity to take an array of CTE courses through their Career Education Center, including courses in auto body, game design, medical assisting, welding, and more. and Career Ready (preparation for the WorkKeys National Career Readiness Certificate). These courses complement the school's existing TechVantage Courses which include Computer Literacy, Hardware Technology, and Office Technology.

Career Technical Education (CTE) Participation (School Year 2018-19)

This table displays information about participation in the school's Career Technical Education (CTE) programs.

Enrollment & Program Completion in Career/ Technical Education (CTE) Programs (Carl Perkins Vocational and Technical Education Act)	
Question	Response
How many of the school's pupils participated in CTE programs?	754
What percentage of the school's pupils completed a CTE program and earned a high school diploma?	0.0%
What percentage of the school's CTE courses are sequenced or articulated between the school and institutions of post secondary education?	17.1%

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

• Pupil outcomes in the subject area of physical education.

Physical Fitness (School Year 2018-19)

In the spring of each year, Vista Real Charter High School is required by the state to administer a physical fitness test to all students in ninth grade. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas.

This table displays by grade level the percent of students meeting fitness standards (scoring in the "healthy fitness zone" on all six fitness standards) for the most recent testing period. Detailed information regarding this test may be found at the CDE Web site at *http://www.cde. ca.gov/ta/tg/pf/.*

Percentage of Students in Healthy Fitness Zone 2018-19			
Grade Level	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	16.6%	13.8%	0.7%

*Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Parent & Community Involvement (School Year 2019-20)

The Parent Advisory Committee ensures parental involvement in students' learning process. The Parent Advisory Committee consists of parents and Vista Real Charter High School Teachers/Staff. The Parent Advisory Committee provides advice and assistance in planning, developing, implementing and evaluating the School Program. All interested parents are invited to attend, and are notified via phone, email, school website and school fliers. Additionally, teachers refer parents for this committee that they believe would be positive contributors to work towards the goal of school improvement. The Parent Advisory Committee meets at least four (4) times during the school year. Parents and stakeholders are encouraged to participate in the development of the Local Control and Accountability Plan, and they are asked to provide input on the progress of the LCAP throughout the year. In addition to this, parents are a vital resource for processes such as WASC accreditation. Parents also attend informational workshops on issues of concern, such as vaping, teen drinking, and teen health. Parents are also invited and encouraged to attend the school's annual Open House as well as fundraising events and other informal and formal meetings throughout the school year.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Vista Real Charter High School at (805) 486-5449.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority5):

• High school dropout rates
• High school graduation rates

Dropout & Graduation Rates

In knowing the "at risk of dropping out" status of the majority of students enrolling in the school, we begin interventions from the point of enrollment. Students are encouraged to participate in exploring their career options. We believe that when a student knows what they would like to do for work, they are more likely to complete school.

Students also participate in academic assessments, such as NWEA MAP for diagnostic reasons and placement. The academic assessments assist faculty and the students to understand the strengths and weaknesses of the student. More importantly, this method helps students receive any remedial help they may need and ensures students are not enrolling in courses to far removed from their current academic abilities. Unlimited free tutoring availability also serves as an intervention for students, when they struggle with particular concepts. Together, all early interventions are intended to promote attendance and reduce the likelihood of student drop outs. However, these standard interventions are not always met with student success.

When faculty and staff (at school) witness a decline in the attendance of a particular student, more specific and targeted interventions take place in progressive steps:

• A missed day of school results in a call home from the student's teacher
• A pattern of missed school days results in a parent-teacher or adult student-teacher conference

- A continued pattern of missed schools days after a teacher conference results in an Attendance Intervention Meeting (A.I.M). In this meeting the parent or adult student meet with the Student Retention Specialist to discuss the legal requirements of school attendance for minors and problems adults face as high school drop outs.
- A continued pattern of missed school days after an A.I.M. intervention is escalated to a Student Retention Meeting (S.R.M) intervention. Student Retention Meetings include the School Counselor, School Administrator, and the Student Retention Specialist. When the student and parent meet with the S.R.M. team, serious conversations take place about the appropriateness of independent study for the student, school options, and the serious long-term consequences of dropping out of school.

The chart displays the graduation and dropout rates for the school. At the time of publication, data for the 2018-19 school year was not available.

Note: As an independent charter school, the school's program, resources, and administration are run independently from the host district, so there is no district data to report for comparison in this section.

Note: The one year graduation rate and the one year dropout rate are reported, because we are a Dashboard Alternative Status School..

Graduation & Dropout Rates				
	Dropout		Graduation	
	15-16	16-17	17-18	18-19
School	19.3%	17.3%	68.5%	73.0%

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates
- Pupil expulsion rates
- Other local measures on the sense of safety

Suspensions & Expulsions

The table displays the suspensions and expulsions for the school. Expulsions occur only when required by law or when all other alternatives are exhausted.

Note: As an independent charter school, the school's program, resources, and administration are run independently from the host district, so there is no district data to report for comparison in this section.

Suspensions & Expulsions					
	Suspensions			Expulsions

State	3.65	3.51	3.50	0.09	0.08	0.10

School Safety (School Year 2019-20)

Our school Safety Plan consists of our Injury and Illness Prevention Program, Emergency Procedures and Section 4 of our Employee handbook. Sponsoring School Districts ask for these safety programs as part of our charter's renewal process. We review our School Safety Plans annually and update them if necessary.

The safety of students and staff is a primary concern for the school. Both teachers and administrators supervise the students throughout the school day to ensure a safe and positive learning environment. Both staff and student school IDs are expected to be displayed at all times, and visitor to the sites must register in at the front office to receive appropriate identification badges. The school safety plan was last updated and reviewed with school staff in December 2019.

Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Class Size

Due to the nature of independent study, class size distribution data is unavailable for this school.

Advanced Placement Classes (School Year 2018-19)

Vista Real Charter High School does not offer Advanced Placement Classes.

Counseling & Support Staff (School Year 2018-19)

It is the goal of Vista Real Charter High School to assist students in their social and personal development as well as academics. The school provides special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure.

The following is a list of support staff available to students at the school. *Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.*

Academic Counselor to Student Ratio	
2018-19	
	Average Number of Students per Academic Counselor
Academic Counselor(s)	284

Counseling & Support Services Staff		
	Number of Staff	Full Time Equivalent
Counselor (Academic, Social/Behavioral or Career Development)	4	4.0
Psychologist	2	2.0

Professional Development

The school's certificated staff members and administrators participate in ongoing professional development to improve its curriculum and delivery of instruction. Professional development sessions are offered at various times throughout the school year and focus on a wide variety of topics aimed at strengthening pedagogy and content know ledge to meet the needs of the school's diverse learners. Special emphasis is placed on targeting the unique needs of its English language learners, special education students, and those students at-risk of dropping out of school.

All sites are actively implementing PLC's (professional learning communities) at their schools.   This is a process of continuous school improvement that is characterized by utilizing data to improve academic outcomes for students. The process is driven by teachers who are actively engaged in identifying areas where students need to improve, and targeting those areas through the use of evidence based instructional strategies. Teachers and staff collaborate for two hours weekly to exclusively focus on this process of continuous inquiry.

The school also provides Induction training to its preliminary credentialed teachers through it partnership with the Ventura County Office of Education. Participating teachers are assigned a support provider from their assigned site and participate in all required Induction activities. The school's special education teachers receive annual training on new procedures and processes, as well as in effective instructional strategies for improving academic achievement. In addition to ongoing professional development opportunities offered locally, staff also participates in the California Charter Schools Association's annual CCSA Conferences, and other conferences sponsored by local county offices of education.

School Expenditures (Fiscal Year 2017-18)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools throughout the state. Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/Unrestricted expenditures, except for general guidelines, are not controlled by law or donor. The California Department of Education issued guidance to the district in August 2018 regarding how to calculate school-level per-pupil expenditures.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.
